Proceedings

FIRST DAY—MORNING SESSION

Daytona Beach, Florida, February 20, 1929.

The South Florida Annual Conference of the A. M. E. church convened in its Thirty-seventh Annual Session in Allen Chapel A. M. E. Church at 10 o'clock a. m. Rev. J. S. Flipper, D. D., LL. D., A. M., D. C. L., presiding Bishop of the Eleventh Episcopal District, presiding.

Bishop Flipper presented Dr. S. A. Harris, P. E., of the Halifax District, who lined hymn No. 295, "And are we yet alive." There was quite a manifestation of the presence of the Holy Spirit as our voices were lifted in song. Dr. R. B. Brookins, P. E., of the Lakeland District, offered a fervent prayer. Rev. D. Russell led in singing, "Courage my soul." Dr. J. J. Harris, P. E. of the St. John River District, read for the Old Testament Scripture lesson, Isaiah 59th chapter, first eight verses. Dr. G. J. Oates, P. E. of the East Coast District, read as the New Testament Scripture lesson 13th chapter of First Cor., first thirteen verses. Dr. E. J. Jackson, P. E., Indian River District, led the Decalogue.

The bishop then made his annual address, letting fall many fatherly advices to all concerned. Among the many fatherly advices given, he said that "Too many ministers feel that being taken from a large charge and sent to a smaller one is demotion." He said: "There is no such thing as demotion in the church." Bishop Flipper said that he had already held three Conferences in Florida, but that from a spiritual angle, the South Florida Conference has so far surpassed them all. He advised that we support Edward Waters College. He spoke at length on Education, and advised that every member of the church get behind the college and put over a large educational program.

Bishop Flipper referred to the law of our church as regarding the collection of Dollar Money, saying that the law says: "Bring One Dollar from or for each member carried on roll. He insisted that this law be carried out, and that instead of bringing more than 100 per cent collections of Dollar Money, that we rally the people for the support of education in the State.

Bishop Flipper referred to Sunday School work. He said it is the greatest department of the Church, having been founded long before Robert Raikes established it. He insisted that all ministers should be active in the Sunday School work. He also discussed the League work, stating that in the League work we put into practice what we are taught in the Sunday School.

Bishop Flipper charged the P. E., to love the brethren into their work, rather than attempt to abuse them. He insisted that no local deacon be given pastoral work. He said that the presiding elders should be broad men, meting out justice to all men regardless to personal feelings.

He encouraged the ministers to take all orders handed down by their presiding elders whether right or wrong in their opinions. He reminded us that there is higher authority to which to appeal.

Bishop Flipper discouraged the brethren in using women preachers. He insisted that we go back to the old landmark and have soul-reviving and soul-winning revivals. He advised that the brethren do their own preaching in their revivals.

Bishop Flipper discussed at length the "Organic Union," stating plainly that he opposed it; giving plausible reasons for his opposition. He said that we would ignore the name and memory of Richard Allen; and that should this union become perfected, other organizations would be born, for there are those who are determined that there shall ever be an A. M. E. Zion, and an African Methodist Episcopal Church. He said that Bishop Richard Allen tried to persuade Bishop Varick to unite with him in the beginning of the churches, and Varick refused, so why disturb Varick in his peaceful slumber now? While Bishop Flipper plainly expressed his opposition, he plainly set forth the fact that all who were in favor of the union would not be hindered in voting to their own convictions.

Bishop Flipper closed his address by admonishing the brethren to "love one another."

Rev. J. B. Blacknell led in singing, "Walk in the Light."

Bishop Flipper declared the Conference ready for organization. Officers elected are as follows: Rev. R. W. Logan, chief secretary; Rev. M. M. Smith, Engrossing Secretary; Rev. G. N. Collins, statistical secretary. Marshals: Rev. G. L. Gainer, Rev. G. W. Watts, Rev. Henry Hill.

The hours of Conference sessions are as follows: 9:30 a. m., to 1:00 p. m.; afternoon, 3 p. m., to will. The bounds of the Conference were fixed from the chancelor rail to the fifth window. The lists of Committees were given to the brethren.

The lay delegates were called for and given as follows: Lakeland District: Brother F. C. Powell, Sister Susie Bruno. St. John River District: Brother Dan. Deligaul, Brother G. W. LeLand. East Coast River District: Dr. W. A. Chatman, Brother C. Martin. Halifax River District: Brother J. J. Bryant, Bro. Wm. Mays. None reported from the Indian River District.

Brother F. C. Powell and Dr. W. A. Chatman were placed on Seminary Funds' Committee. Sister Susie Bruno, Woman's Mite Missionary Committee; Brothers Wm. Mays, and Dan Deligaul were placed on Educational Committee; Brother G. W. LeLand, May Day Committee. General Conference Delegates Fund, Brother J. J. Bryant. Children's Day, Brother C. Martin.

Reporters: *Christian Recorder*, Rev. F. D. Hall; *Southern Christian Recorder*, Rev. S. W. Adair; *Western Recorder*, Rev. W. R. Akery; secular papers, Rev. P. M. Beverly.

The following named brethren were then presented for admission into the Conference. Lakeland District: Rev. A. R. Ruffin, Charles Watson, W. C. Crim, L. D. King. Indian River District—W. G. McCarty, R. L. Jackson. St. John River District—Henry Cobb, Nathaniel Jordon. Halifax River District—Calvin Tookes. Rev. W. A. Woods was presented, and sent to the Second Year Class.

A resolution endorsing Dr. E. J. Jackson as candidate to the Bishopric, and Dr. S. A. Harris for Secretary-Treasurer of the Sunday School Union, and pledging our support and hearty co-

operation with Bishop Flipper's program and administration, was read and adopted. (See resolution.)

Bishop Flipper announced the following transfers: Rev. J. B. Lawrence from the Central Florida Conference; Rev. S. H. Savage from the Middle South Florida Conference; Rev. S. F. Vanderhost from the East Florida Conference; Rev. S. G. Baker, West Florida Conference, Rev. Wm. Everett, from the East Florida Conference.

The Presiding Elders' reports were called for. Dr. E. J. Jackson, P. E., of the Indian River District, made a partial report Dr. S. A. Harris, P. E., of the Halifax River District, reported in full.

Announcements. Doxology. Benediction, Bishop J. S. Flipper.

FIRST DAY—EVENING SESSION

Promptly at 8:15 services were opened. The choir rendered a beautiful selection. Dr. E. J. Jackson, P. E., of the Indian River District, led the scripture sentences. He lined hymn No. 326. "Talk with us Lord." Prayer was offered by Dr. G. J. Oates, P. E., of the East Coast District. Selection by the choir. Dr. J. J. Harris, P. E., of the St. John River District, read as the scripture lesson nine verses of the 37th Psalm. Dr. E. J. Jackson led the Decalogue.

Bishop Flipper presented Rev. D. Russell to preach the annual sermon. After leading the song, "Here am I, send me." Rev. Russell took for his text, II Timothy, 2nd chapter, 15th verse: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." He used as a subject, "Christians as Co-workers With God." This sermon was powerful, fraught with spirit, and wholesome advice to the Christian. Dr. S. A. Harris, P. E., of the Halifax River District, led "I saw one hanging on the tree." He opened the doors of the church. None came.

The choir and congregation joined in the chant of the Lord's prayer, after which prayer was offered by Rev. I. E. Fair of Stuart. Rev. D. Russell led "I want to live so God can use me."

After remarks by Bishop Flipper, commending Rev. Russell

for his sermon, he called the finance committee who came forward and lifted a contribution of \$25.60.

Announcements. Doxology. Benediction, Rev. D. Russell.

SECOND DAY—MORNING SESSION

Conference re-convened at 9:30 a. m. Rev. J. C. Cowan led in singing "A charge to keep I have." Rev. W. A. Samuel lined hymn No. 327, "O for a faith that will not shrink." He then read for scripture lesson the 27th Psalm. Rev. S. S. Bell offered a fervent prayer. Rev. S. W. Richardson led in singing "I am thine, O Lord."

Bishop Flipper made remarks referring to Rev. Samuel having read the scripture lesson before prayer. He said that this practice was contrary to Methodism, and asked that this not be done again. He also referred to the use of the Decalogue. He stated that it isn't necessary to use it at every service. He said that very often the brethren would use only a part of it, but that this should not be done; that if it is to be used, go through the entire Decalogue; that all of God's Word is important.

The Bishop then commended Rev. D. Russell for the wonderful sermon on Wednesday evening. He explained the use of the word "Study" used in the text. He stated that it means "Stretch out; press forward."

The minutes of the previous morning session were then called for and read. The minute was arrested, and discussed by the following brethren: Drs. R. B. Sutton, G. J. Oates, E. J. Jackson, R. B. Brookins, S. A. Harris, T. J. Williams, S. H. Savage, and Rev. M. Peter Chappell. The minute was then adopted. The minutes of the evening session were called for, read and adopted.

The financial committee was then elected, consisting of all the presiding elders and Dr. S. W. Adair.

Bishop Flipper then announced the transfer of Rev. C. C. Brooks from the East Florida Conference. Rev. W. F. Duncan, whose name had been overlooked by the secretary, was placed on roll for admission and was instructed to meet the class.

The reports of the presiding elders were called for. They re-

ported as follows: Dr. E. J. Jackson of the Indian River District completed his report, followed by reports by Dr. R. B. Brookins, Lakeland District; Dr. J. J. Harris, St. John River District, and Dr. G. J. Oates, East Coast River District.

Bishop Flipper called for the reports of the charges by each minister. The Lakeland District answered the first roll call, being followed by the other districts in their order. At the close of these reports Bishop Flipper made the following statement: "He reported 908 conversions this year, and 10,213 members in the South Florida Conference."

Mr. W. H. Lee of the Afro-Life Insurance Company was presented, and made a short address relative to the Ministerial Group Life Insurance. He said that all policies which had lapsed could not be renewed, and no contracts could be given for these policies. He placed in the hands of the Bishop a check for \$500 for Sister Elizia Jones, the widow of Rev. H. J. Jones.

Rev. Julius Currington, local deacon, asked that his relation to the Conference be changed. He was ordered before the Committee on Admission.

Announcements. Doxology. Benediction by Bishop Flipper.

SECOND DAY—AFTERNOON SESSION

Services were opened by Brother J. F. Allen leading: "I shall know Him." The ministers of the Halifax River, and East Coast River Districts made their reports.

Bishop Flipper called forward two officers of our church at Sarasota, introducing Brother W. J. Wyatt, who made a short talk soliciting financial aid to assist them in getting ready for the convening of the Central Florida Conference. The Bishop came down and lifted a contribution of \$40.05. He turned this contribution, and a contribution of \$15.00 from the Middle South Florida Conference, over to Brother Wyatt.

Dr. A. B. Cooper, President of Edward Waters College made an announcement, requesting all graduates and under-graduates of Edward Waters College to sit in a group on the front seat during the evening service.

Mrs. Mary McLeod Bethune came forward and made an address, speaking out of the fullness of her soul. She commended

us for our success, and spoke of the fatherly kindness of Bishop Flipper. She referred to the struggles she had made for the Bethune-Cookman College, thanking God for success. She concluded by asking our prayers, and asked us to contribute something to the success of the 25th Anniversary of the School.

Announcements. Doxology. Benediction, Bishop J. S. Flipper.

SECOND DAY—EVENING SESSION

After a delightful song service by the congregation, Mt. Zion A. M. E. church choir rendered a beautiful selection. The choir and congregation joined in singing "Praise God from whom all blessings flow." Bishop Flipper lined hymn No. 8, "Before Jehovah's awful throne." Prayer was offered by Rev. L. J. Jenkins. Selection, choir. Bishop Flipper read for scripture lesson Proverbs 8th chapter. He then lined hymn No. 1, "O for a thousand tongues to sing."

After singing, Bishop Flipper made remarks setting forth the purpose of the evening service. He said that it was educational night for Edward Waters College. He stated that it was in 1856 that Bishop Daniel A. Payne purchased Wilberforce University, thus becoming known as the "father of Education in the A. M. E. Church. He also spoke of the need of giving largely to this great cause. Dr. T. J. Williams was called upon to read the report on Education. The same was read by Dr. G. F. Bartell. The bishop ordered this report left over until the morning session for its adoption.

Dr. G. W. Alexander, dean of B. F. Lee Theological Seminary of Edward Waters College, was presented by the Bishop. Dean Alexander made a strong and forcible address that will live in our hearts. He referred to the Summer Seminar for ministers which will open June 10th. He said that the men who have been called of God are the masters of the world, and must be trained for service; and that the power and strength of the church are determined by the way the men have learned of God.

The Alumni Quartette of Edward Waters College rendered a selection. President Cooper was then presented as the speaker of the hour. As President Cooper arose, the Edward Waters

group of graduates and under-graduates gave the college yell, and sang the college song. President Cooper, like dean Alexander, electrified the audience, setting forth the fact that Christian education is the one force that will lift us above superstition and ignorance. He discussed the college in general. He said that we have 485 in attendance, 24 more than last year, 46 men and women in the College Department, 23 men in the Theological Department, 5 young women in the Normal Department. He also mentioned that the High School Department is accredited. He urged that we educate the youth of today, stating that the future development of the race tomorrow depends upon the youth of today.

The Bishop then called the presiding elders forward to take the offering. Dr. Brookins of the Lakeland District, reported \$200.00; Dr. E. J. Jackson of the Indian River District, reported \$150.00; Dr. J. J. Harris of the St. John River District, reported \$204.40; Dr. G. J. Oates, East Coast River District, reported \$207.00; Dr. S. A. Harris, Halifax River District, reported \$182.45. Total, \$943.85.

Announcements. Doxology. Benediction, Bishop Flipper.

Bell lined hymn No. 381, "Lord in the morning thou shalt hear." Prayer by Rev. W. G. McGill. Rev. S. S. Bell led "Just as I am without one plea;" he then read the first eleven verses of the 7th chapter of our Lord's Gospel according to St. Matthew for scripture lesson.

The minutes of the previous morning session were read and adopted. The second day, afternoon minutes were read, and with the correction of the initial of Rev. I. H. Allen, they were adopted. The minutes of the evening session were read, and after the following explanation by President Cooper, that there are five young women in the Normal Department candidates for

certificates, and 15 in all in the departments. Dr. Cooper discussed the Educational report read by Dr. Bartell, stating that it was timely and in keeping with the policy of education as laid down by Edward Waters College. Dean Alexander stated that the number in the Theological Department was 28 instead of 23. The minutes were adopted. The Educational report was then adopted.

Bishop Flipper then referred to a letter sent him, addressed "Rt. Rev. J. S. Flipper, D. D." He said that the title "Rt. Rev." is Catholic, and not Methodist, and asked that he be addressed, "Bishop J. S. Flipper," leaving off the "Rt. Rev."

Dr. E. J. Jackson of the Indian River District made a supplementary report of \$50.00, raising his educational report to \$200.00; Dr. S. A. Harris raised his educational report of \$200 by supplementing \$17.55, making a grand total of \$1011.40 for education.

Rev. F. D. Hall made a few remarks, among which he said that the state should rally around Bishop Flipper, and give him a fair start.

The reports of committees were called for. The following reported: The Committee on Admission. Same was adopted. (See report.) The Committee on First Year Studies; it was adopted. (See report.) Committee on Second Year Studies, reported, and upon its passage, was arrested by Dr. E. J. Jackson, who referred to Deacons administering the Lord's Supper. He set forth the fact that this is contrary to the law of the church. Bishop Flipper gave notice that if any were reported to him, he would suspend them. The report was adopted. The Committee on Third and Fourth Year's Studies read their reports. They were adopted. (See reports.) The Temperance Committee made its report, and upon its passage was arrested and discussed by the following brethren: Revs. J. B. Epperson, R. B. Sutton, M. C. Brown, and David Russel. They made strong appeals to the brethren to preach against the evil of intemperance. This report was then adopted.

The following committees reported. On Contingent, Easter Day, Seminary Fund, May Day, Children's Day, General Confer-

ence Delegates' Fund, Mite Missionary Fund, Superannuated Preachers, and Endowment Day Fund. These reports were adopted. (See reports.)

Rev. Lister Teller, a white minister who has been doing missionary work in Nigeria, Africa, was presented by Bishop Flipper. Rev. Teller made a short address. Among the many things, he told us that for twenty years the gospel had been preached in Nigeria before one person was converted. He said that missionary work in Africa is a very difficult problem.

Bishop Flipper announced the teachers for the Sunday School for Sunday morning, asking each one to raise \$2.00. He then called for the names of the superannuated preachers and widows of the Conference.

The following named brethren were named trustees for the College: Revs. T. J. Williams, S. A. Harris, J. J. Harris, E. J. Jackson, S. W. Adair, G. J. Oates, J. W. Western, J. B. Blacknell, R. J. Faircloth, Dan. Deligaul, Dr. Wm. Wells, Dr. W. A. Chatman.

The following named brethren were elected for the Local Board of Church Extension: Revs. J. W. Williams, Jas. Murray and R. B. Sutton.

An offering of \$15.00 was lifted for two blind brethren, and divided equally between them.

The disciplinary questions, and the passing of characters were next in order. The characters of all brethren passed, except that of Rev. R. L. Lincoln, who was accused by Rev. J. M. Smith of pastoral interference.

At the 13th question it was found that Rev. Jeff Allen, and Rev. W. A. Flanders had passed to the Great Beyond. After a song, out of respect for the deceased brethren, a motion was made and prevailed that their names be referred to the Committee on Memoirs. At this juncture, the bishop adjourned the Conference out of respect for these deceased brethren.

Doxology. Benediction by Bishop Flipper.

THIRD DAY—AFTERNOON SESSION

The entire afternoon was given over to the Women's Mite Missionary Society.

Daytona Beach, Florida, Feb. 22, 1929.

The Woman's Mite Missionary Society of the South Florida A. M. E. Conference met on the above named date at Allen Chapel A. M. E. Church, Rev. Fayson, pastor, the Conference President, Mrs. S. A. Harris, presiding. The song service was conducted by Sister Ella Taylor and others. Rev. R. D. Russell sang a beautiful selection, "Here am I, send me." The meeting was opened with the society singing No. 159, "Rescue the perishing." A fervent prayer was offered by Sister Taylor, after which "Jesus is all the world to me," was sung. Reading in concert the 23rd Psalm, led by Sister Wardell.

The following program was rendered and enjoyed by all: Paper, "Christian Missions and Missionaries," Mrs. Veta Hall. Reading—"The Lost Chord," Mrs. L. M. Sutton. Solo—"I've done my work," Mrs. M. R. Adair. Five minutes talk on missionary work, Mrs. L. C. Bowers. Solo—"Good-bye Summer," Mrs. P. Chappelle. Presentation of State President, Mrs. J. L. Brooks by Mrs. W. O. Thompson.

Before the State President spoke she asked that "He Lifted Me" be sung. Mrs. M. R. Adair led in singing the song, and the society joined in heartily. The State President presented Bishop Flipper to the society who in turn gave us a most wonderful and helpful address. When our bishop had finished we, as southern women, could see most clearly our right place in the missionary work of the A. M. E. Church. He had us to know that in 1824 the first missionary work was begun when more than 88 preachers and 12,000 members of the Ethiopian Church were received into the A. M. E. Church. Bishop Flipper stated that every state on this side of the Mason-Dixon line should be Woman's Home and Foreign. He closed his address in the midst of applause. "The church is moving on" was sung after which Mrs. L. M. Sutton made a motion (and it was seconded by Mrs. M. F. Jackson) that the women's society of the South Florida Conference be changed from the Woman's Mite Missionary

Society to the Woman's Home and Foreign Missionary Society.

The State President arose and thanked Bishop Flipper for being with us in our meeting and rendering such excellent service. "Long live our Bishop to carry on the work of the A. M. E. Church!" The president urged the members to stand by her and to help her carry out the plans that she has in her heart to put forth. She urged the ministers to preach the gospel, live clean lives, be honest and upright, be kind and loving; let your word mean something and last but not least, respect your own women. The president asked that every sister meet with her at the state convention. All enjoyed the remarks of our president and we are praying that the Lord will make her strong for the work that she has before her. The women of the South Florida Conference know no failure and they are loyal and true. "Shine for Jesus" was sung.

A letter of encouragement was read from Mrs. Elizabeth Flipper, wife of our Bishop. We were all happy to hear from her and it was moved by Mrs. Adair and seconded by Mrs. Fayson that the secretary send a letter of thanks to Mrs. Flipper. Carried. Offertory. Total, \$22.75.

REPORT ON MISSIONS

Daytona Beach, Florida, Feb. 23, 1929.

To the Bishop and Members of the South Florida Annual Conference. Greetings.

We, your Committee on Missions, beg to submit the following as our report. The subject upon which we have been called to write is one of vital importance, and should call the attention of every Christian, regardless of color or creed, for we are workers together for God. Our prayer is that God will send forth more laborers into His vineyard.

Thousands, yea, millions of dollars are being spent yearly for the cause of missions, and there is found in nearly every nook and corner of the globe, mission workers who have become inflamed with the missionary spirit, and they are doing much to save people to Christ, and His Kingdom.

In Africa are found two venerable divines, Bishops Davis and Young; in South America, Bishop Greene, and many others sounding the gospel trumpet: "Look unto me and be ye saved, all the ends of the earth." And with the words of the hymn,

"His standard bearer I,
To all the nations call,
Let all to Jesus' cross draw nigh,
He bore the cross for all."

Let us pray on that the work that is ours to do may be fraught with vigilance, and with an eye single to God and His glory, and have mankind to know that he is to live to the end for which God has created him.

Respectfully submitted,

M. C. BROWN,
C. McPHERSON,
PAUL LEE,
C. W. WILSON,
H. W. WILLIAMS,

REPORT ON DEEDS

Daytona Beach, Fla., Feb. 23, 1929.

To the Bishop and Members of the South Florida Conference. Greetings.

We, your Committee on Deeds, beg leave to submit the following as our report: Deed No. 1—A Warranty Deed between R. W. Logan, joined

by his wife, Ruth Logan, of County of Polk, parties of the first part, to Trustees of Mt. Zion A. M. E. Church, located at Homestead, Dade County, Florida. This deed is not properly executed in description, for it does not designate the Block of its location. The committee recommends that this discrepancy be clarified, and filed with the clerk of the Circuit Court for record.

Article No. 2—A Warranty Deed between W. S. Middleton and Lizzie Middleton, his wife, to Allen Chapel A. M. E. Church, Pomona, Putman County, Florida. We find that this deed is executed according to regulations of book of Discipline.

It should be made to read, "To the Trustees and their successors in office, and not to Trustees and their heirs."

Respectfully submitted,

F. D. HALL,
A. D. POTTER,
W. H. MADDOX,
J. W. JORDON.

REPORT ON EDUCATION

Daytona Beach, Fla., February 21, 1929.

To the Bishop, Presiding Elders, Ministers, and Members of the South Florida Annual Conference. Greetings.

In submitting this report on Education, I hope that it will at least meet the approval of those who are most concerned.

Education comprehends all that course of instruction and discipline which is intended to enlighten the understanding, correct the temper, cultivate the taste and form the manners and habits of youth and fit them for usefulness in their future stations. In its most extended signification it may be defined in reference to man to be the art of developing and cultivating the various, physical, intellectual, aesthetic and moral faculties; and may be divided into four branches as follows: Physical, Intellectual, Aesthetic, and Moral Education.

The new emphasis that is being placed upon education is social rather than individualistic. The old idea being that one was to be educated to make money and thereby grow rich and independent. But today we translate education to mean lifting the masses, those who are less fortunate than ourselves. The educating of a man should mean more than ample family provisions; the church, the community, and the government expect him to be an asset to others as well as a better citizen.

Religion without education is almost fanaticism. Bishop Daniel A. Payne, the apostle of Negro Education, founder of Wilberforce University, the first of its kind in the world, the first Negro college president in the

world, the first Negro to preside over the Ecumenical Conference, the first Negro president of a Sunday School Union, perhaps the most powerful personality in the Negro race, has inspired all grades and classes of men. Men like Douglass, Cromwell, and Booker T. Washington were greatly influenced by the advice and example of Daniel A. Payne. He so successfully demonstrated the need of education, that not only African Methodism but the entire Negro race has been inspired, and his spirit still lives today.

The A. M. E. Church As a Factor In Group Education

The A. M. E. Church, for nearly 100 years, has stressed the cause of Christian education, and has been developing schools and colleges for the purpose of educating the youth of our race. I shall briefly call attention to some of those who are laboring in a special way to carry out the educational program of the church: Bishop J. H. Jones, Dr. A. S. Jackson, Dr. John R. Hawkins, whose influence brought to Kittrell College the largest cash endowment ever given to a church school for the Negro race.

Our own Bishop J. S. Flipper, himself an educator, now Bishop of the 11th Episcopal District, along with Dr. A. B. Cooper, is pushing forward the work of Edward Waters College, and with the cooperation of the ministry and membership of our church, Edward Waters College, will be easily the most outstanding college for Negro youth. However, our church schools will do well to guard against the scientific emphasis that is very noticeable throughout the country today. Too much emphasis is being put upon the superior powers of man without any recognition whatever that God may have contributed anything.

One of the most confusing problems now facing the South, is that of the proper education of the Negro. It is a problem which calls for intelligent and sympathetic attention. After nearly two and a half centuries of slavery, the Negro was suddenly and without preparation charged with the solemn obligations and privileges of citizenship. Since that time the problem of his education has been big and immediate.

The causes which have retarded the growth of education for the Negro child are principally those which have served to delay the development of the white child in the Southern States. Funds have been inadequate and a dual system of public schools has been necessary and required—one system for the colored and another for the white children. Both systems have been poor when compared with the public school systems of many other sections of the country, but they were the best that conditions will permit.

In the face of these discouraging conditions most of which were inherited from the period of, and immediately following the Civil War, public sentiment for the proper education of the Negro has been gaining in recent years, and educational opportunity is now more rapidly extending. This appears in improvements in the training of teachers, in the increase in High School instruction, in better school buildings, and in supplying other educational needs of the colored child. Since the emancipation of the Negro, there

was never a time when the people of the South were so ready as now to help provide more adequate facilities for Negro education. In many of the states, County Training Schools have been established for the preparation of teachers and the improvement of those who are already in service; better salaries are being paid; the normal schools are being improved and enlarged; safer health regulations are being enforced; well trained supervisors are being employed; and the state programs for Negro education generally are more liberal than ever before. The work of the Jeanes, the Slater, the General Education Board, the Phelps-Stokes and the Rosenwald funds in cooperation with state and county educational authorities, has served to develop sentiment for the education of the Negro.

The real progress of education for the Negro in the South is to be measured, therefore, by an increase in his industry and thrift in the exhibition of the virtues of self-restraint, and in the practice of good habits of citizenship. These qualities and ability can be promoted only by adequate educational facilities and the right kind of leadership. But the real success of the Negro as an effective and productive citizen depends for him, as for the white man, more on his behavior and his sense of social responsibility than on his technical or formal educational achievement.

Respectfully submitted,

G. F. BARTELLE.

STATE OF THE CHURCH

Daytona Beach, Fla., Feb. 23, 1929.

To the Bishop and Members of the South Florida Annual Conference. Greetings.

I, the Committee on the State of the Church, beg to submit the following as my report:

It is happiness to meet and take counsel together. We need the mutual intercourse. We grow stronger, spiritually, by mutual expressions of love and friendship. Our visions of duty become broader and clearer as we learn the difficulties and trials and struggles of each other. We thank God for the glorious privilege that He has bestowed upon us. We thank Him for a healthier, joyous condition in which we have caught a vision of the Kingdom of God.

We not only have many larger and smaller churches, but a trail is being blazed over which wild beasts shall not tread our college girls and boys; but they shall walk thereon to greater opportunity for character building. We feel that greater things are in store for us all along all lines, which calls us all to personal evangelism. Material fabrics, however splendid and commodious are prisons unless through personal loyalty to Christ, we make them houses of prayer and gates of the city that are four square.

The dawn of a new day is now breaking over the South Florida Conference under the leadership of our beloved Bishop J. S. Flipper, thus bringing

greater visions, new ideals and weightier responsibilities. Therefore it is necessary not only for the clergy, but every member of every congregation should be concerned that year in and year out, there should be some increase in membership.

We feel that it is a confession of weakness on the part of any congregation to go on year after year with additions of two or three per cent, and to be thrown into confusion by removal by death, or other causes, of one or two persons. Our gains certainly should offset our losses.

How is this going to be done? Well, it will not be done often, if the job is left up to the preacher. There are some cases where the discouraging inevitably happens by a community's drying up and disappearing, but certainly that is not happening in many places in Florida today. Let us each accept the charge that Christ has given us of going and telling the MESSAGE; this is the only method. Of course, we cannot tell it convincingly and persuasively, unless we have given ourselves.

The supreme demand of the church and the land is for men who desire to see Christ's Kingdom come, and realize that it will come only through men who personalize Jesus Christ in their lives, and Israel will go forward mightily.

Let us not be satisfied my dear brothers until the prize of righteousness is grasped—the power of our Brother and Saviour Jesus Christ, with which men's feet are kept in the path of God, and out of paths of wickedness and temptations.

We are troubled today by a contempt of law, and the course of crime in its many forms. We are deeply concerned about the wholesale destruction of homes and we bemoan the disrespect of youth for parental authority. Social and moral conditions are bad, but betterment of social and moral conditions is not the end we seek, but rather we seek the consequences of lives rooted in God and reflecting the image and life of our Heavenly Father—the only one way by which moral cancers which threaten to overthrow social civilization throughout our country, and that is by Christianity, and Christians who are evangelists.

Every Christian should be an evangelist; a teller to some others the joyful news of the Gospel of Jesus Christ, thereby through Christ, converting men to the faith in Jesus Christ, endeavoring to put His life and daily teachings into practice, in our daily living.

It is the universal task for the church. It means a united program of prayer and personal service by bishops, clergy, and laymen. God sent His Son, who became man to tell us our job.

A few years ago we passed the one hundredth mile post of Christian activities in the grand old African Methodist Episcopal Church, of which we are a part. Many of her sons and daughters, who in the beginning, gave their service, prayers and alms for the widespread of Christ's Kingdom among men, have finished their work and gone on to their reward.

We who are still on our pilgrimage to life eternal, rejoice in the progress we have made in the service of our God. Well may we say, "Praise God from whom all blessings flow," when we look at our institutions of learning in the home and foreign fields.

It is not necessary for me to mention the many millions of dollars worth of property which the A. M. E. Church owns, for this we well know. It is gratifying to know that the old ship of Zion is holding her own, both spiritually and financially as well as numerically.

Respectfully submitted,

J. W. WILLIAMS.

REPORT ON TEMPERANCE

Daytona Beach, Fla., Feb. 22, 1929.

To the Bishop and Members of the South Florida Annual Conference, Greetings.

We your Committee on Temperance beg leave to make the following report.

First, the word Temperance is the habitual moderation in the indulgence of the appetite and passions; the use of intoxicants and self-control. The world's Temperance Society understands full well, that it has a large part to play, in the glorious project of winning souls for Christ: and making this a fit world to live.

We find in the Proverbs, a "book of manual conduct" many warnings against intemperance, for it produces weakness, not strength, sickness, not health, death, not life; it makes wives widows, and children orphans. It cuts down youth in its vigor and manhood in its strength. Intemperance covers the land with idleness, misery and crime; it destroys business and homes. It has rendered more sorrow, more woes, more contentions, than any other evil one can mention.

But men who observe closely, do not fall victims to intemperance, because they care not to be weaklings; they care not to be put on the level with the lower animals, for they can see that this evil renders one helpless and has no respect for self, man or God. The man who has been trained desires respect, wealth, health, freedom, thought, citizenship, independence, and last but not least, the love of God and his fellowmen. Hence we might be safe in saying, it takes education to wage war against intemperance, and not dullness.

We therefore recommend that this Conference now in session will double their forces against this brutal vice.

D. T. SESSION,
PAUL LEE,
J. M. SMITH,
J. H. WILSON.

STATE OF THE COUNTRY

Daytona Beach, Florida, Feb. 24, 1929.

To the Bishop and Members of the South Florida Annual Conference.

I beg leave to submit the following report:

The United States of America is enjoying an era of sound prosperity. Almost every branch that tends to make a country prosperous is coming in line to do its share in the contribution of plenty to its people.

Industry

Having such a broad stretch of continuous territory, the people not only have living space, but a plenty of land, rich in forest, soil and minerals from which to obtain the necessities of life. The farmer is producing more stuff in his line than ever before. So persistent is he in his endeavors, that outside markets are sought to help us consume his produce. The miners are daily bringing from the bowels of the earth the hidden stores of fuel and metal to warm us and give motion to the many machines that make life easier and more convenient. We feel safe in saying that from an industrial angle, the country is prosperous.

Inventions and Discoveries

The country is progressive in inventions. Many persons, shut in their laboratories from the outside world, bring forth things to the world, almost unthought of before. The rolling vehicles to facilitate our ground movement, the engines that propel bodies upon the waters, the winged instrument that flies in the air, the telephone, television, and the radio are among the wonders used in this country that help its people onward to the good of human greatness.

Economics

The economic state of this country is good. Schools are aiding the nation in the art of producing wealth, and properly distributing it among the people. Men who once hoarded their golds, are now voluntary agents, collecting and investing these collections in such a way as to make employment for the professional and laboring people.

Education

No other age of the world has witnessed a greater educational arousement than now. Schools are being erected to prepare the people to discover, and be able to administer to their every need. The time is opening the eyes of those in authority that the country's betterment depends upon equal educational opportunities of all the people. Through this, we the Negroes, are hopeful that the time will soon come, when we shall realize our share of mental development.

Political Conditions

The political condition of the country is "Good,"—in words of the politician—and the future bespeaks no insurmountable evil omen. While as a

race, we cannot feel altogether satisfied with the uncertain aspect of our status, still as a Church we feel that Providence controls human destiny, and He will, in His own way and time, bring us as He has always done for His children, into our own.

Respectfully submitted,

R. B. SUTTON.

REPORT ON MEMOIRS

Daytona Beach, Fla., Feb. 23, 1929.

To the Bishop and Members of the South Florida Annual Conference of the African Methodist Episcopal Church, Now in Session. Greetings.

We, your Committee on Memoirs, beg to report as follows: "In the midst of life we are in death."

Since the last session of our Conference, held in Bethel, Lakeland, Feb., 1928, two of our gallant soldiers, and heralds of the Heavenly message have been called to the Great Beyond. The Rev. J. F. Allen, who departed this life in Crescent City, Fla., was one of our itinerant elders, and a faithful worker in the church. He is even an ex-pastor and founder of this very church in which we now hold the Annual Conference. Rev. Allen was a good preacher, and a man of good qualities. As he lived, we are sure he died in full triumph of the Christian faith. He has been called out of time into blissful eternity, we are sure.

Rev. W. H. Flanders was not such a great worker in the ministry; that is, he did not accomplish so much in the cause, but he was a good man, with a true and loving heart, and a lovable Christian spirit. He departed this life at Miami, from which place he was taken to his peaceful rest.

We miss them both. The link again has been broken. Soon, we shall all go to meet these two who have left us during the past year.

Sleep on, Brothers Allen and Flanders, we shall some day meet thee in bliss complete and long together dwell.

"Asleep in Jesus, blessed sleep,
From which none ever wakes to weep,
A calm and undisturbed repose,
Unbroken by the last of foes."

"A voice at midnight came,
They started up to hear,
A mortal arrow pierced their frames,
They fell but felt no fear."

May we not mention the loss of Bishop J. Albert Johnson, D. D., to our general Connection? He has joined his comrades in the episcopacy of our great church, who went on before him to Glory, and will be found in the number of the blood-washed army when Christ is crowned "Lord of all." Bishop Johnson was a man of great ability; a sweet gospel preacher, a great scholar, and a good man.

Rest on, Brethren. We will meet you over there.

Your Committee,

J. B. BLACKNELL,
Wm. BUGGS,
G. E. WALKER.

Our Dead

BISHOP J. ALBERT JOHNSON

REV. J. F. ALLEN

REV. W. H. FLANDERS

"Thus star by star declines
Till all are passed away,
As morning high and higher shines
To pure and perfect day;
Nor sink those stars in empty night:
They hide themselves in Heaven's own light."
"SLEEP ON THE SLEEP OF THE BLEST."
